This Rider (the "Rider") is issued to the Group identified below and amends the United Healthcare Detailed Policy, Document ID **w14_united_healthcare_detailed_policy_004** (the "Policy"). All capitalized terms not defined herein have the meanings set forth in the Policy. This Rider specifically amends the Section titled **Definitions and General Provisions** (the "Amended Section") and modifies certain coverage terms as described below. In the event of any conflict between this Rider and the Policy, this Rider shall control.

Group Name: ABC Manufacturing Group **Group Number:** UH-98765 **Effective Date of Rider:** July 1, 2025 **Rider ID:** RDR-2025-UH-004-A

1. Amendment Scope and Effective Date

This Rider applies to all Covered Persons under the Policy as of 12:00 a.m. on July 1, 2025 (the "Rider Effective Date"). Coverage modifications described in Section 2 (Modified Coverage Terms) supersede any conflicting provisions in the Policy and become part of the Policy for all services rendered on or after the Rider Effective Date.

The purpose of this Rider is to update cost-sharing amounts, prior authorization requirements, mental health visit limits, out-of-network benefit parameters, and prescription drug tier structure, and to remove any remaining pre-existing condition waiting period, consistent with the requirements of the Affordable Care Act (ACA). In addition, the Amended Section--**Definitions and General Provisions**--of the Policy is revised to reflect these changes, as detailed in Section 3 (Superseded Provisions).

This Rider does not alter the Policy's eligibility, premium, termination, or renewal provisions except as expressly stated. All other terms, conditions, exclusions, and limitations of the Policy remain in full force and effect. In the case of a conflict between the terms of this Rider and any other endorsement or amendment to the Policy, the most recently dated document shall govern.

Key updates include, but are not limited to:

- Adjustment of the in-network annual deductible and out-of-pocket maximum.
- A new emergency room copay.
- Introduction of prior authorization for certain advanced imaging services with a specified turnaround time.
- Clarification of mental health outpatient visit limits and applicable copayment.
- Removal of the pre-existing condition waiting period.
- Modification of out-of-network coinsurance and deductible.
- Adoption of a four-tier prescription drug benefit design.

These changes are further described in the following section.
